Subject: Important Update: New Start Date for the 2024-2025 School Year

Dear MISD Parents, Students, and Community Members,

I hope this message finds you and your families safe and well. I am writing to inform you of an important change to the start of our 2024-2025 school year. Due to unforeseen delays in the completion of our HVAC project, exacerbated by the impact of Hurricane Beryl, we must postpone the first day of school to Monday, August 12, 2024. Originally, the first day was scheduled for Wednesday, August 7, 2024.

The safety and comfort of our students and staff are of utmost importance, and ensuring our facilities are in optimal condition is a top priority. The additional time will allow us to complete the necessary HVAC repairs and ensure a safe, healthy, and comfortable environment for everyone.

We understand that this delay may cause some inconvenience, and we sincerely appreciate your understanding and flexibility during this time. Our goal is to provide the best possible start to the school year, and these repairs are essential to achieving that.

In the meantime, please adjust your calendars to reflect the new start date of Monday, August 12, 2024. Updated information regarding school events, schedules, and any other related activities will be communicated to you shortly.

We are committed to keeping you informed and will provide updates as needed. If you have any questions or concerns, please feel free to contact the school administration at [Contact Information].

Thank you for your continued support and understanding. We look forward to welcoming our students back to school on Monday, August 12, ready for a successful and exciting new school year.

Warm regards,

Shannon Chapman
